# SUMMER CAMP

Mix children, the arts, science and some fresh air  
for a recipe for summer fun!

Come and enjoy a variety of programs which develop  
positive self-esteem, provide fun and educational opportunities.

Casa & Elementary Program  
July & August 2019

# Learning That Lasts a Lifetime!

## **Sizzling Science, July 8<sup>th</sup> - 12<sup>th</sup>**

Campers will investigate the electrifying world of science! Children will discover how and why as they conduct a variety of experiments. Perfect for the mad scientist in all!

## **Rookie Renoirs, July 15<sup>th</sup> - 19<sup>th</sup>**

Children will explore the joys of creative expression through art. Our practicing artists will introduce you to fun techniques with different media through a series of workshops designed to bring out the artist in each child!

In the process oriented experience, campers will create artwork to display at home.

## **Under the Sea, July 22<sup>nd</sup> - 26<sup>th</sup>**

Journey beneath the waves to an incredible undersea world. Children will learn about creatures of the ocean, including those who live on the sea floor and those who spend part of their lives on land. We will learn to identify shells and create shell critters.

## **Trash to Treasures Art Camp, July 29<sup>th</sup> - August 2<sup>nd</sup>**

Campers will look at recyclables with new eyes, transforming them into one-of-a-kind masterpieces! We will repurpose materials in new and interesting ways, blending old and new, textures and colours to form interesting works of art.

Imaginations will be inspired as campers create individual and group projects.

## **Lost in Space, August 6<sup>th</sup> - 9<sup>th</sup>**

Children will explore space this summer! They will learn about man's first attempts to join the birds in flight. Campers will defy gravity as they create, build paper airplanes and experiment with devices that propel, lift, toss and move items through the air!

## **Frontiers of Construction, August 12<sup>th</sup> - 16<sup>th</sup>**

Children will have the opportunity to explore principles of construction with a variety of building materials. Using unique crafting materials, children will create through the use of their imagination and their hands.

Join us on our 3-acre property to explore nature during all weeks of camp.

Each week is guided by the Montessori principles of respect for nature and each other.

\*OMS Montessori is a licensed child care centre.
